Camp Structure!

We will email you an **activity schedule** on the morning of the first day of camp, listing all of the activities your child will complete at camp!

Each day is divided into four large time slots, allowing for most campers to complete 4 different hands-on science activities each day!

Our camp day also includes 45 minutes of outdoor activity time, where campers are encouraged to engage in team-building activities, be active, and socialize!

Our goal is to strike a balance between academic, social, and recreational pursuits!
